Christian Appalachian Project

PARTNERSHIP WITH AMERICORP

- ALL has attempted several times to contact Christian Appalachian Project about its position on the life issues, as well as its [“proud partnership” with AmeriCorps](#), but it has not responded.

This partnership [is of concern](#) given the following: From 2013-2015, AmeriCorps members in NYC were [illegally transporting women to get abortions](#) at three clinics that AmeriCorps partnered with. The National Association of Community Health Centers, which operates part of AmeriCorps health branch, permitted the AmeriCorps workers to bring women to abortion doulas, despite it being illegal due to the federal funding both entities received.

Additionally, AmeriCorps assists women in finding their community’s health centers to obtain contraception. [AmeriCorps also supports the LGBTQ+ lifestyle](#).

- AmeriCorps job listings from recent years involve [community health outreach](#). Job listings require the hired worker to assist women in their local communities with scheduling “same-day contraception” and [“family planning services”](#) with reproductive health facilities.
- AmeriCorps [advertises Planned Parenthood facilities](#) as resources for “low-cost contraception” for women.
- AmeriCorps [lists job opportunities](#) with Planned Parenthood.
- Christian Appalachian Project does not respond to ALL’s inquiries regarding its promotion of Planned Parenthood and contraception.
