Prison Fellowship

ABORTION

- Within an [adapted resource guide](#) posted on its website, Prison Fellowship admits that abortion is killing a child in the womb:

"Sex sins strike at the most sacred charge God gave humanity—the ability to create living souls. Our culture wants to ignore the fact that sex often results in human life, even to the point of killing a child developing in the mother's womb. Only men and women and God are endowed with the ability to produce another living soul. . . ."

God's Truth About Sex

- For intimacy in marriage; results in a selfless pleasure and new souls (children)
 - Focuses on the whole person
 - People are valued and experience intimacy with their husband or wife
 - Attitude is one of giving/receiving
 - Consequences enrich and heal both partners, who feel loved, secure, affirmed, and have enhanced self-esteem
- Within the same resource, Prison Fellowship expresses support for marriage between a man and woman, using scripture to support this, and it shows lack of support for IVF under the subheading "God's Truth About Sex":

"The Scriptures teach that God designed sex to be a relational experience resulting in unity between a man and a woman in marriage. The male and female become "one flesh" (Genesis 2:24) through sexual intercourse. This "oneness" is a picture symbolizing our unity with God.

God commanded His creation to "be fruitful and multiply" (Genesis 1:28; 9:1). Man has no other natural way of fulfilling this command except through sexual intercourse (the recent science of in vitro fertilization is neither preferred nor cost effective to achieve the same ends)."

NOTEWORTHY

- A representative from Prison Fellowship sent the following email response to American Life League regarding its work:

"Thank you for your email and for the work you do. Prison Fellowship shares the unchanging truth and unending grace of the Gospel with all those affected by crime and incarceration. We seek to provide all people behind bars with an opportunity to be transformed by a relationship with God through Jesus Christ that impacts every portion of their lives. We do this regardless of where people are in their life's journey. We offer them practical, evidence-based life skills; match them with appropriate resource networks; serve their families; and equip prison leaders to create safer, more rehabilitative prison environments."
