Feed My Starving Children

ABORTION & CONTRACEPTION

➤ A representative at FMSC responded to ALL's inquires:

In regards to contraception and abortion, FMSC does not take stances on issues outside of hunger, as our focus is feeding kids and improving life from beginning to end. We welcome all people to join us in our mission. FMSC does not distribute the food directly but works with a network of food distribution partners. Most of our partners are also Christian organizations, though we cannot speak for each of them individually regarding their stances. Feed My Starving Children believes all children deserve a long and healthy life and our goal is to ensure they have the nutrition they need to thrive and grow!
