

2026 ELECTIONS

Idaho's Abortion-on-Demand Initiative

iStockPhoto.com/kirza

This measure would:

- Allow abortion through fetal viability as a “right,” which the initiative states is a point in time that can be determined by the “physician’s good faith medical judgment.” **This would permit preborn child killing as law of the land.**
- Allow lawmakers to regulate abortion after fetal viability (though no concrete gestational period is listed), except for a “medical emergency.” **Every human life matters, and every person must be protected.**
- Prevent the penalization of those helping a woman obtain or coercing a woman into having an abortion due to a “right to privacy.” **This normalizes human traffickers’ evil intentions to cover up their actions that victimize the woman and the preborn child.**
- Permit contraception and IVF as a “reproductive freedom.” **IVF always destroys human lives in the embryonic stage, and certain types of contraception can do the same. These are both grave evils.**

IDAHO’S CURRENT ABORTION LAW:

Idaho restricts abortion in all three trimesters, with exceptions for the life of the mother and in cases of rape or incest prior to 14 weeks gestation. If the mother is under 18, she can obtain a judicial bypass if the parent or guardian does not sign permission for the abortion.

CATHOLICS MUST VOTE NO ON THIS MEASURE.

Catholics have a moral obligation to defend the innocent.
Do NOT allow the evil of abortion to define this great state.

Catholics have a moral obligation to defend the innocent.
Do NOT allow the evil of abortion to define this great state.

Catholics must vote **NO** on Idaho Proposition 1, Reproductive Freedom and Privacy Act Initiative

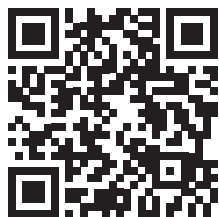

A human being's life begins the moment the sperm fertilizes the egg. This is now a unique and unrepeatable person.

Abortion is the intentional killing of a human being before he or she is born. The Catholic Church teaches that abortion is never morally licit.

The Church teaches that neither rape nor incest justifies the taking of an innocent human being's life.

Doctors never need to intentionally kill the baby to save the mother's life; therefore the "life of the mother" argument is invalid. In his address to midwives, Pope Pius XII taught that a physician should do all he can to preserve both lives. If the baby dies while the doctor tries to save the mother, this is not considered an abortion.

Any formal cooperation in abortion constitutes a grave sin. The Church attaches the canonical penalty of excommunication to this crime against human beings (CCC 2272).
